

# COUGAR EP-1 EXPANDABLE SAW CENTER

**COUGAR**

EP-1 EXPANDABLE SAW CENTER

The Cougar EP-1 Expandable Saw Center is lightweight, compact and has rigid construction for ease of use.

## Features

- Easy to use
- Radial Runout +/- 0.0005" for more accurate cutting saws
- Standard back plate thickness on all saw centers eliminates adjustments when changing eye sizes
- Expandable jaws compensate for saw bore wear
- Precision hardened bushings in .625" & .875" or custom sizes to suit your application
- Back plate magnets secure saws before gripping
- Large knurled knob for easy tightening
- Available for most sized arbor styles
- Custom sizes available upon request
