

# GUARDIAN

BI-Metal M 42 • Factory Direct Savings • Quality Service

**GUARDIAN SAWS** provide outstanding value for most shop applications. Extended blade life, tooth breakage prevention and a broaching style pattern eliminates excessive tooth stripping. The Guardian also withstands the shock of interrupted cuts, allowing for heavier penetration and faster cutting speeds. *This product is also available in wide set to assist with the prevention of pinching.*

## ADVANTAGES

- Delivers superior performance for steels to 45 HRC
- Extra tough shock resistance and tooth stripage resistance
- Provides extended life and speed during interrupted structural cutting
- Delivers low cost per cut
