

COUGAR

BI-Metal M 42 • Factory Direct Savings • Quality Service

COUGAR SAWS deliver optimal performance for all steels up to 45 HRC. Utilizing a vibration dampening variable tooth pitch and tooth tips made from highly resistant steel, Cougar Saws are ideal for anyone seeking an economical blade that doesn't compromise on quality or value. Cougar Saws can also withstand the most demanding workshop operations and are ideally suited for small and medium work piece dimensions.

ADVANTAGES

- Delivers superior performance for steels to 45 HRC
- Employs vibration dampening tooth pitch and tips
- Ideal for profiles and solid materials
- Delivers outstanding performance and value

RANGE

BAND WIDTH	.75 to 1.5 inches
