

# Cermet 12-Tipped CSS-1000

## Cold Saw Machine Circular Saw Blades

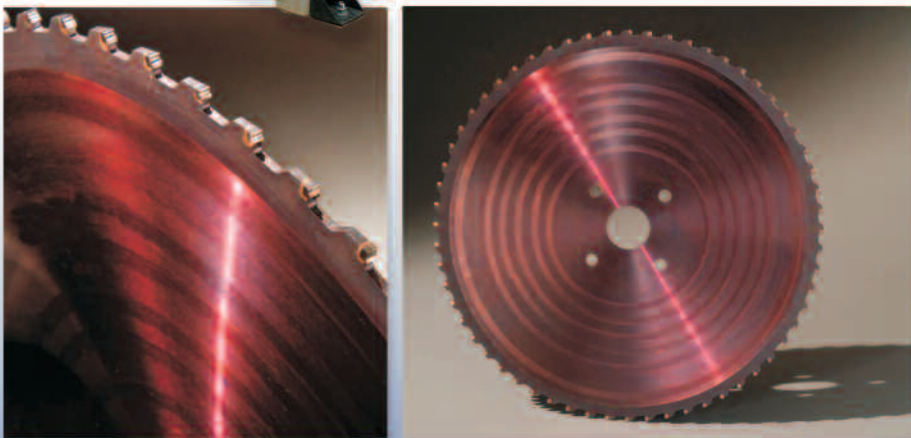

### IDEAL FOR STAINLESS STEEL CUTTING

Cermet 12-tipped saw blades by Cut Technologies Metal, allow stainless steel to be cut faster and with less material loss due to kerf. These blades work perfectly with all leading cold saw machines.

**Best for  
Cold Saw  
Machines**

## quality means savings

- Special stainless steel tip for unbeatable repeatability
- Thermex™ oxide coating on every blade
- Unique tension stabilizing for lowest deviation
- Thermal/pressure leveled for exceptional flatness
- Triple chip design
- Longer edge life compared to HSS or carbide-tipped saws
- Thin kerf blades
- Repeatable quality, cut after cut, blade after blade
- Better cut quality compared to HSS or carbide tipped blade
