

UNIQUE WITH COUGAR SAWS!

COUGAR[®] SUPER-LEVEL[™]

**EDGERS & ROUND SAWS
STANDARD OR VARI-PITCH[™]**

Every Round Saw We Sell Has Been
**THERMAL/PRESSURE LEVELED
FOR EXCEPTIONAL FLATNESS**

Each COUGAR round saw is placed in our unique computer-controlled heat and high pressure chamber where it is pressed perfectly flat. It will:

- Run straighter and truer;
- Increase yield while maintaining quality of output;
- Substantially reduce benching time; and
- Significantly better target sizes and yields.

No Other Maker Has the Capability of Producing as Flat a Saw!
